

ASSEMBLY BILL

No. 911

Introduced by Assembly Member Bloom

February 22, 2013

An act to amend Section 53120 of the Government Code, relating to telephone systems.

LEGISLATIVE COUNSEL'S DIGEST

AB 911, as introduced, Bloom. Telephone systems: 911.

The Warren-911-Emergency Assistance Act requires every local public agency to establish and operate a telephone system that automatically connects a person dialing “911” to an established public safety answering point through normal telephone service facilities. Existing law prohibits the Public Safety Communications Division in the Department of Technology from delaying the implementation of the enhanced “911” emergency telephone system, as provided.

This bill would make nonsubstantive changes to that law.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 53120 of the Government Code is
2 amended to read:
3 53120. The division shall not delay implementation of the
4 enhanced “911” emergency telephone system in ~~those portions of~~
5 ~~cities or counties~~ *the portion of a city or a county*, or both, served

- 1 by a local telephone corporation that has equipment compatible
- 2 with the enhanced “911” emergency telephone system.
